PROFESSIONAL SUMMARY

Results-driven Software Engineering student with hands-on experience building full-stack web applications using React, Node.js, Firebase, Django, and REST APIs. Proven ability to design, develop, and deploy scalable solutions that solve real-world problems. Strong foundation in data structures, databases, and modern web technologies, with a passion for continuous learning and impact-driven software development.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), Python, C, C++

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, Django

Databases: Firebase, PostgreSQL, MySQL

APIs & Integrations: REST APIs, OpenAI API, M-Pesa Daraja API

Tools & Platforms: Git, GitHub, Firebase Hosting, Linux

Core Concepts: OOP, MVC Architecture, Authentication, CRUD Operations

PROJECT EXPERIENCE

EDUPULSE — Full-Stack Web Application

Tech Stack: React, Firebase, OpenAI API, M-Pesa API

Designed and developed a web platform used to streamline access to educational resources.

Implemented secure authentication and role-based access control using Firebase Auth.

Integrated M-Pesa Daraja API to enable seamless mobile payments.

Improved user engagement by 30% through AI-powered assistance using OpenAI API.

KYUAPP (Lost & Found System) — Campus Web System

Tech Stack: React, Firebase

Built a system enabling students to report and recover lost items efficiently.

Reduced item recovery time by over 40% by centralizing lost-and-found data.

Implemented real-time updates using Firebase Firestore.

TASKMASTER — Study Planning Application

Tech Stack: React, Firebase

Developed a task and study planner helping students organize schedules and deadlines.

Implemented CRUD functionality for tasks, improving productivity and time management.

STUDYBUDDY — AI Learning Assistant

Tech Stack: JavaScript, OpenAI API

Created an AI-powered assistant that helps students understand concepts and revise faster.

Enhanced learning efficiency by providing instant, personalized explanations.

EDUCATION

Bachelor of Science in Software Engineering

Kirinyaga University

Relevant Coursework:

Programming & Data Structures

Database Systems

Discrete Mathematics

Software Design & Architecture

Academic Interests: Web Development, Application Development, Artificial Intelligence, Cybersecurity

SOFT SKILLS

Problem Solving & Analytical Thinking

Effective Communication

Team Collaboration Adaptability & Continuous Learning
